BATHROOM PIECE COUNT (* indicates Ensuite, ** indicates Jack/Jill)

2P - 3P - 4P - 5P - 6P -

Primary Garage Size - W x L (inside and rounded down to whole foot)

Note that the above list of rooms is comprised of the most common rooms found in the home and listed on MLS. While bathrooms, hallways and closets are included in the overall area of the property (unless excluded under one or more rms principles), these spaces are not listed here. Therefore, adding up the areas of the rooms listed here does **NOT** equal the rms area of the property. If required, please contact Residence By Design Inc for clarification.
