Section 4. Standard of Review. The ACC may promulgate detailed standards and procedures governing its areas of responsibility and practice. In addition, the following shall apply: The plans and specifications shall be reviewed as to quality of workmanship, design and harmony of external design with existing structures, topography, and finish grade elevation. No permission or approval shall be required to repaint in accordance with originally approved plans and specifications. Nothing contained herein shall be construed to limit the right of an Owner to remodel the interior of his or her residence or to paint the interior of his or her residence any color desired.

Section 5. Procedure. If the ACC fails to approve or disapprove plans and specifications within fourteen (14) days after submission of the same to it, approval will be deemed to have been granted. Such notice must be furnished to the ACC within ten (10) days of its decision. The hearing shall be at a special meeting of the Board of Directors to be held within thirty (30) days of the receipt of the Owner's notice to appeal.
