CUSTOMER AUTHORIZATION

Absolute Services Peace of Mind Guarantees

1. 100% MONEY BACK GUARANTEE: We guarantee that the equipment we have installed will perform as designed or, we will remove it and return 100% of your investment! (*Manufacturer must confirm system is not performing as designed).

2. $500 INSTALLATION DATE GUARANTEE: If we do not have your new system operating by the date promised, we will pay you $500 for your inconvenience! (*Not valid is rescheduling is requested by the customer.)

3. PEACE OF MIND GUARANTEE: All technicians in your home have had an extensive background check performed and are drug tested for your safety.
4. NO SURPRISE GUARANTEE: We offer no surprise pricing which means; the quote you get up front, is the price you'll be paying. Any additional work will be approved by the owner in writing before that work is started.
5. PROPERTY PROTECTION GUARANTEE: Your install team will take great care of your property. Any property damaged by Absolute Services will be replaced or repaired and drop cloths will be used on all work and traffic areas.
6. COMFORT GUARANTEE: We guarantee that the system(s) we have installed in your home will heat and cool your home as designed by the manufacturer. If the temperature range agreed upon is not achieved, we will replace the systems at no charge. (*Thermostat must be set within 20 degrees of the outside temperature per manufacturers guidance).
7. UTILITY SAVINGS GUARANTEE: Absolute Services guarantees that you will save a minimum of 30% on your heating and cooling costs or; we will refund double-the-difference of your potential savings not realized during the first year. (*Valid on Deluxe or higher when replacing a standard efficiency system 10+yrs or older If your system is not meeting guaranteed savings, you must notify us immediately to allow us to evaluate your system's performance.)
8. $500 NO FRUSTRATION GUARANTEE: If your system breaks down during the first year, we will be there in 24 hours or we will pay you $500 for your inconvenience
9. NO LEMON GUARANTEE: If the compressor in your air conditioner fails twice in the first 5 years, we will install a new condensing unit!
10. APPLES TO APPLES GUARANTEE: Our promise to you that you cannot find a comparable installation for less... or we'll pay you a $100 bonus over the difference for a new system installation. All we ask is that the comparison be "Apples-to-Apples".

CUSTOMER ACKNOWLEDGEMENT

Other Disclosures
1. A 30% non-refundable deposit is required for all installations to cover restocking fees for materials and equipment ordered, as well as to compensate for scheduling and reserving an installation crew. The remaining balance is due upon receipt of the final invoice.
2. Returned Check Fee: A $50 fee will apply for any returned checks to cover bank and processing costs.
3. Finance Charge on Overdue Balances: Overdue balances are subject to a finance charge of 1% per month.
4. Right of Rescission: You have the right to cancel this agreement within 3 business days from the date of signing. To exercise this right, please provide written notice of cancellation within the 3-day period.
5. Collection Costs: If payment cannot be made in full at the time of service, you may be responsible for any costs associated with collecting payment, including attorney fees and other expenses.

Final Acceptance & Media Consent
1. Work Completion: By signing this agreement, I, [redacted] have reviewed all work completed by Derek Dunning at 1300 Etawah Avenue, Louisville, KY 40222 USA and confirm that the work meets satisfactory standards and was performed professionally. I have had the chance to raise any questions or concerns about the work, and any issues have been resolved to my satisfaction. By signing below, I indicate my full acceptance of the completed work.

2. Media Release: I authorize Absolute Services to take photographs or videos of myself, my family, and any work performed on the interior or exterior of my home or office. I understand that these images and videos may be used for promotional purposes, including but not limited to news releases, marketing materials, digital and print publications, websites, social media, and advertising. I acknowledge that I will not receive compensation for this usage and do not expect future compensation.

TERMS AND CONDITIONS

Change Orders and Substitutions. During the progress of the work under this Agreement, if Customer should order extra work not specified in the Agreement, Contractor may require such extra work to be considered an agreement separate and aside from this Agreement and may require payment for said extra work in advance. Should Contractor be unable to obtain any material(s) specified in the Agreement or any Change Order, Contractor shall have the right at its sole discretion to substitute comparable materials and such substitution shall not affect the Purchase Price.

Warranty. Customer understands that each manufacturer of products may provide factory warranties governing repair and replacement. Customer understands it is Customer's responsibility to refer to each specific manufacturer's warranty guidelines and that it may be necessary for Customer as the owner to register the equipment with the manufacturer and maintain it according to the manufacturer's specifications.

Additional Work. Contractor is not responsible for any drywall, fixtures, structural, or other damage that may occur or be necessary in order to complete the scope of work or any other damage that may occur as a result of the electrical, plumbing, sewer, or HVAC system, or other problems related to the premises. Contractor is not obligated to correct or repair pre-existing structural deficiencies or problems resulting from existing conditions to the property, or the work of others. For example, unless otherwise specified, Contractor is not responsible for any painting, patchwork, or repair work that may be required following any work, nor for any leveling of tubs, shower bases, or floors; repair of damage occurring; correction or repairs to sewer lines, to include, but not limited to, cutting into drywall/concrete, or roof/gutter repairs; correction to landscaping or property damaged in the normal course or operations.

Zoning, Conditions, Permits. Customer agrees to timely furnish all information necessary for Contractor to secure plans and permits for the work called for under this Agreement, and Customer warrants the work as contracted for does not violate any applicable zoning, classification, and building codes. Customer agrees to disclose to Contractor the location of all property lines, underground restrictions or underground utilities, easements or rights of way, pipes, power lines, septic tanks, utility lines, or drain fields that may impact or affect the planned project, and shall indemnify Contractor and hold Contractor harmless from any loss or liability, including attorney fees and costs, resulting from any suits, claims, disputes, losses, or problems related to the above. In the event that the applicable public authority or other government agency subsequently requires modifications or additional labor or materials that were not included in the Agreement, then the Purchase Price may be adjusted. Contractor is not responsible for any special inspections, analysis, or reports that are not ordinarily provided.

Contractor's Right to Cancel. If Contractor determines that this Agreement cannot be performed as intended due, for example, to incorrect pricing, unforeseen structural defects, or conditions to Customer's property, Contractor may cancel this Agreement, notify Customer in writing, and return all monies paid.

Customer's Representations: Customer(s) represents and warrants that (a) Customer(s) owns the premises where the products and services are being provided by Contractor; (b) Customer(s) will provide Contractor with reasonable access to the premises, including access to electrical as may be required by Contractor; and (c) Customer(s) shall be responsible for the preparation, protection, moving, and reinstalling of all items as required by Contractor under this Agreement.

Condensation, Mold and Related Matters. Customer(s) agrees to indemnify and hold Contractor and its employees, agents, and subcontractors harmless from any claims as to the identification, detection, abatement, encapsulation, or removal of mold, asbestos, lead- based products, or other hazardous substances inside or outside of the property at which work is performed. Contractor does not provide mold testing or remediation services.

HVAC, Plumbing, Electrical and Generator Terms & Conditions

Order Structure and Installation. Customer understands that it is Customer's responsibility that certain specifications with regard to existing electrical box and natural gas or liquid propane must be met to install a standby power generation system. Contractor will aid the Customer, but it is Customer's responsibility to contact the local natural gas or liquid propane service provider to confirm the meter and/or tanks are sufficient to handle the new equipment. Contractor will provide assistance in preparing and filing documentation to obtain permits from the appropriate municipalities. Customer understands that it may be necessary to drill a hole into the house foundation for the electrical and gas connections, and Customer will not hold Contractor liable for any damage to the foundation.

Design Conditions. All HVAC equipment is designed by manufacturers according to the standard design temperatures. Contractor is not responsible for cooling/heating beyond standard design temperatures, high humidity levels, system reaching dew point, ductwork sweating/producing condensate due to home infiltration rates, or any other reason. R-values, structural tightness, ductwork conditions, home infiltration, leakage of ductwork, building materials, and any other factor in the load calculation will be determined by the information the Customer provides to Contractor upon initial consultation. Contractor is not responsible for any problems incurred due to incorrect information provided by Customer at the time of consultation and load calculation. If Customer does not authorize Contractor to conduct its own testing to determine load calculations and all insulation values, Contractor shall size the new HVAC system based on the size of the Customer's existing HVAC system. In such case, Contractor shall not be responsible for problems caused by over-sizing (including without limitation short cycling, humidity control, and mold growth) or under-sizing (including without limitation inability to heat or cool within standard design temperatures).

Performance or Condition of Existing Equipment. Contractor is not responsible for the performance, functionality, or compatibility of existing equipment, ductwork, duct board, controls, or other equipment/materials that are not repaired or replaced during a job installation and that Customer agrees to keep in place.

Existing Line Set. Contractor is not responsible for any problems with heating or cooling due to the existing line set, which may require repair and replacement for an additional cost to the Customer in the event Contractor is unable to pull a proper vacuum on an existing line set.

Existing Gas Pipe. Contractor is not responsible for the condition of any existing gas pipe that is not readily accessible. Customer is responsible for any additional costs incurred if pressure testing is required to identify leaks and necessary repairs.

Existing Attic Access Stairs. In the event Customer's existing stairs/attic access cannot be safely utilized for the removal and installation of equipment, an alternate method or access may be required. Contractor is not responsible for (a) the replacement or repair of steps, stairs or panels that must be removed to complete removal or installation work; and/or (b) any property damage resulting from the removal of access steps, stairs, or panels.

Condensate Line. These services do not warranty any condensate or water leaks related to existing plumbing issues, PVC joints that separate, or due to improper slope of condensate lines between cooling coil and plumbing. It is understood and agreed to by Customer that the condensate lines are part of the plumbing system and that over a period of time dirt, sludge, and debris can accumulate in the condensate line. Under no circumstances does the Contractor warranty any part of a building's existing condensate piping and related plumbing; or damages related to existing condensate piping.

Drain Clearing. Should any drain cleaning cable become stuck in the line it is the responsibility of the Customer for removal and/or additional repairs. If a sewage spill occurs, including one deemed hazardous material, the cost of cleanup is the responsibility of the Customer.

Service completed by: Jeremy Hockensmith

INVOICE

Services	qty	unit price	amount
Vinyl Home- All vinyl & trim of home	1.0	$400.00	$400.00

Soft washing is a gentle, yet highly effective method of cleaning exterior surfaces using low-pressure water combined with specialized cleaning solutions. Unlike traditional pressure washing, which relies on high pressure to blast away grime, soft washing safely removes dirt, algae, mold, mildew, and other organic buildup without risking damage to your home's siding, paint, or roofing materials.

This process is especially ideal for more delicate surfaces such as:

Vinyl siding

Stucco

Wood paneling

Painted surfaces

Roof shingles

Gutters

Soffits and fascia

How It Works:

Application of Cleaning Solution – We apply a detergent solution that breaks down organic growths and other contaminants at the root.

Dwell Time – The solution is given time to work, loosening grime and neutralizing bacteria and organic growth.

Gentle Rinse – Finally, we use low-pressure water to rinse everything away, revealing a clean, fresh surface without any harm to your home.

Why Choose Soft Washing?

Protects Your Investment – Prevents damage to siding, shingles, and sealants.

Longer-Lasting Results – Kills contaminants at the root, so surfaces stay cleaner longer..

Preserves Curb Appeal – Keeps your home looking fresh and well cared for, boosting its value and charm.

House wash includes cleaning all vinyl, exterior gutters, fascia, eaves, soffits, downspouts, ceilings of covered porches, columns, garage doors if attached to home, window trim and windows.

**Please Note: House wash does not include power washing of brick, power/soft washing of roofs, ground surfaces, or attached decks. These areas are offered as a separate service items **

Removal of oxidation is also not included in the house wash process this is offered as a specialized restoration service. Signs of oxidation are white chalky build up on vinyl or painted surfaces. It also appears as vertical stripes or very dark grey areas on gutters. Oxidation is a natural process where the sun breaks down the outer layer of paint or vinyl over time. Gutters are especially prone to oxidation because they take a beating from both the sun and the elements. If your estimate was completed online or over the phone our technician will make every effort to point these conditions out prior to washing. Understand that sometimes however, oxidation may not be noticeable until dirt and biological films are removed by the house wash process and signs of oxidation may be more noticeable.

Please Note that weep holes in siding may leak dirty/dusty water onto siding after your house wash. This is out of our control and does not occur on every home. Please read further about this in our terms and conditions.

INSTALLATION CONTRACT

PLEASE READ THIS

Work Order #	32610458
Total Contract Amount	$ 12,980.00
Deposit	$ 6,490.00
Due Upon Completion	$ 6,490.00

6/12/2022

Customer Name & Project Address	Customer Address (if different)		
[redacted]		Primary Phone	
		Alternate Phone	[redacted]
1300 ETAWAH AVE		Email	[redacted]
LOUISVILLE, KY 40222			

This installation contract (the "Contract") between the customer identified above ("You") and Lowe's provides for the Goods and Installation Services specified in Estimate # 32610458-1 to be performed at the Project Address above and includes (a) any applicable State Addendum, (b) the Notices, (c) the Terms and Conditions, and (d) Change Orders, if applicable. If there is any inconsistency between the State Addendum and the Notices or Terms and Conditions, the State Addendum shall take precedence.

This Contract defines what You can expect in Your installation experience with Lowe's, what Lowe's expects in return, and how You and Lowe's will resolve any differences. It is a legal agreement. By signing this Contract, clicking "I agree," or by accepting Goods or Installation Services You are agreeing to be bound by this Contract. **IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THIS CONTRACT, YOU MUST NOT SIGN THIS CONTRACT, CLICK "I AGREE", OR ACCEPT THE GOODS OR INSTALLATION SERVICES.**

PAYMENT OPTIONS (Subject to fund verification and/or credit approval). You may pay the Total Contract Amount by authorizing an electronic checking account withdrawal or utilizing an accepted credit card or financing. Upon electronic execution of the Contract, You authorize the processing of the Deposit payment, if applicable, from the designated checking, credit card or finance account. If there is a balance due upon completion of the Installation Services, You agree to pay the balance due upon completion. You are subject to the terms and conditions of the cardholder or financing agreement, as applicable, to which Lowe's is not a party. Any interest payments or other finance charges will be determined by such cardholder or financing agreement and will be in addition to Your payments under this Contract.

LIEN WAIVER: If You make all payments as required under this Contract, Lowe's hereby waives its right to file a mechanics and/or materialmen's lien and will protect Customer's property from any such lien filed by any person, including Installer, in connection with the Installation Services.

NOTICES

TIME OF SERVICE. The Installation Services are estimated to start ninety days from the transaction date, based on the reasonable availability of the Installer and any special order or custom materials, if applicable. The Installation Services are estimated to be completed one hundred and twenty days from the transaction date.

PRICE CALCULATIONS. If this Contract includes Goods and related Installation Services sold by unit of measurement, such as per square foot, the Price may include more Goods than the actual measurements of Your project area. The Price includes the total amount of Goods required by Lowe's to fulfill the Contract (including surplus materials and overages) (together the "**Estimated Product**") and the Installation Services required based upon this total amount of Goods. For instance, a 120 square foot room may require 140 square feet of carpet, and the Price would include Installation Services based upon the 140 square feet of carpet. The total amount of Estimated Product is based upon the total Goods recommended by the Installer, based on the Installer's assessment of unique characteristics of Your project. If any usable Goods are left over, Lowe's may, at its discretion, initiate a Price adjustment. Lowe's will not adjust the Total Contract Amount for the related Installation Services. By signing this Contract You acknowledge You are aware of Your project area measurements and the amount of Estimated Product, and that the Estimated Product may exceed Your actual project area.

LEAD SAFE INFORMATION. Federal and applicable state laws require that You be provided with a lead hazard information pamphlet such as the Renovate Right: Important Lead Hazard Information for Families, Child Care Providers and Schools. By signing this Contract, You acknowledge having received a copy of this information pamphlet before work began informing You of the potential risk of the lead hazard exposure from renovation activity performed in Your dwelling unit or facility. A copy of the pamphlet is available at the following website: http://www.lowes.com/eparrp.

ARBITRATION AGREEMENT. This Contract provides that You and Lowe's will resolve all claims by BINDING ARBITRATION. You and Lowe's GIVE UP THE RIGHT TO GO TO COURT to enforce this Contract (EXCEPT for matters that may be taken to
