

An incentive for sewer and drainage purposes is hereby reserved on, over and under one with the strip and spaces over this property and bounded by colored lines and marked "drainage easement" to the "right of ingress and egress over one and to use from the easement to the right to remove any loads or other obstructions therein to the extent that it is necessary for the proper installation, operation and maintenance of sewer and drainage even said strips and spaces.

SCALE: 1"=60'

the spaces outlined by dotted lines are marked "Electric and Telephone Easements" are hereby reserved as easements for electric and telephone utility purposes, including the right of ingress and egress over all lots to and from the easements and the right to cut down or trim any trees within or without the easements that may interfere with the use of any or several of the lines. There is to be reserved a public electric lighting easement, the right to construct and operate electric lines within and to space along each street existing property line and to extend to and from said property to the line street. The reserved easement herein for said property to serve street lights is reserved to future generations, authorities together with the same rights of ingress and egress and the privilege as described above. Both types of easements shall be subject to all restrictions relating to easement lines, trees, shrubs and plants. It is intended that the easement will remove all trees that may interfere with the original construction of the electric and telephone lines before original construction begins.
